Emmanuel Ambundo

Experience

DIROTEC DIGITAL CYBER AND GAMING LOUNGE

Cyber Cafe Management | 2022 - 2023

I managed the operations and customer service in a busy cyber cafe. I oversaw a team, delegated tasks, and provided guidance. I maintained and updated computer systems, troubleshooting issues. I developed marketing strategies to increase revenue. I conducted inventory checks, monitored expenses, and implemented cost-saving measures to improve profitability.

Freelancer

Frontend Web Development 2019 - Present

I have developed user-friendly websites using HTML, CSS, and JavaScript. I implemented responsive design techniques to ensure optimal viewing experiences across different devices. Have been collaborating with crossfunctional teams, including designers and back-end developers, to deliver high-quality websites. I utilized front-end frameworks such as Bootstrap to streamline the development process. I have conducted thorough testing and debugging to ensure smooth functionality and optimal performance of websites.

Education

Bachelor of Science in Information Technology

Degree

University of Eldoret 2023 - 2027
